University of Pennsylvania

Visiting Student

Philadelphia, PA

Aug 2024 – Jun 2025

- GPA: 3.93/4.0

RESEARCH & ANALYTICAL EXPERIENCE

Northwestern Institute for Policy Research (IPR)

Summer Research Assistant (PI: Prof. Bernard Black)

Evanston, IL

Jun 2026 – Present

Northwestern Buffett Institute for Global Affairs

Undergraduate Research Fellow, 2026–27 Cohort

Evanston, IL

Jun 2026 – Present

Northwestern University Weinberg College Academic Year Research Grant

Independent Researcher (PI: Prof. Jonathan Koehler)

Evanston, IL

Mar 2026 – Present

- Constructing an original dataset of 300–400 federal IP Daubert rulings to test whether judges rely on expert credentials as heuristic shortcuts rather than systematically applying reliability criteria
- Building a semi-automated extraction pipeline using R and Claude Code to parse judicial opinions and code variables including expert education, firm affiliation, methodology complexity, and admissibility outcome
- Estimating logistic regression models in R and Stata to assess how expert credentials and methodology complexity predict admissibility outcomes, incorporating interaction terms and robustness checks

PROFESSIONAL EXPERIENCE

King & Wood Mallesons

Legal Intern

Beijing, China

Jun 2024 – Aug 2024

- Conducted legal and regulatory research on international aircraft finance frameworks (ICAO, Cape Town Convention) using Westlaw and LexisNexis; Analyzed over 15 precedent cases and formed thorough legal memos to support multi-million-dollar leasing transactions and advised on rule applications in delivery, sub-leasing, and fund transfers
- Utilized Excel to reconcile and reorganize large client spreadsheets by building comparison sheets that reduced manual verification time by 40%, improved record accuracy, and consolidated verified data into structured reference tables
- Performed detailed legal due diligence for six cross-border projects by analyzing clients' bylaws, shareholder structures, and investor records; identified key risks and inconsistencies to support transaction structuring decisions

Cook County State's Attorney's Office

Legal Intern

Chicago, IL

Jan 2026 – Apr 2026

- Performed quantitative financial assessments for child support obligations by synthesizing multi-factor variables (income, healthcare costs, COLA), ensuring strict adherence to statutory guidelines
- Drafted comprehensive responses to legal motions by reconciling evidentiary records and distilling complex factual observations into targeted documentation for lead attorney review

EXTRACURRICULAR

The Daily Northwestern

Data Reporter

Evanston, IL

Sep 2025 – Present

- Conducted quantitative analysis on district-level educational data, identifying longitudinal trends in proficiency rates and demographic shifts to support evidence-based reporting
- Developed 15+ interactive data visualizations using R (ggplot2), Tableau, and PowerBI, transforming complex raw datasets into accessible insights for public readership
